

# LUCAS'S LEGOS FOR KIDS

**Lucas Nelson** is suffering from leukemia. He represents many other kids who are dealing with tough stuff. What Lucas is going through is so negative but, he wants it to be turned into something positive. Many kids don't have what we have and Lucas wants to make kids happy.

Lucas is 13 years old. His father Loren, is the Youth Director for the Dakota Conference. Lucas's mother is Sue, the Educational Superintendent for the Dakota Conference.

## THE GOAL

Put Legos in the hands of orphan children so they may enjoy Legos, some for the very first time.

## WHY & HOW?

Because Lucas loves Legos. They open a door to creativity, social play, and fun-filled education. Collect your Legos (or Duplos) in gallon-sized Ziplock bags. Drop your collected Legos at a collection point prior to your drives designated end date so they can be distributed to ICC's Children's Villages.

## GROUP INSTRUCTIONS

**Decide on the best time** for your annual "Lucas's Legos for Kids" drive (Christmas-time is a good option). Work with your colleagues to organize and promote the drives announcements, start and stop times, and possible fun incentives.

**Decide on a financial goal** to help pay for shipping the Legos to ICC's orphanages and to support the daily needs of our orphans (such as; food, education, health and living expenses).

**Distribute gallon-sized ziplock bags** for students to fill, or use other means to collect the Legos or Duplos. When the drive is over, weigh the donations and celebrate how much has been collected.

**Include a report with your shipment** or, email your report to William Hurtado at ICC (wah@forhiskids.org). Your report does need to include the following:

- ✓ Your group/school/church's name and address,
- ✓ Your group organizer's name, phone and email,
- ✓ The weight (in pounds) of the collected Legos,
- ✓ As many photos and stories as you can share for public use!

**Download and print the pre-made mailing address label** [forhiskids.org/legos] and send your Legos to International Children's Care. ICC will forward them to one of their children's centers or children's villages around the world. Remember, no donations are going to Lucas' family; all donations benefit the children of International Children's Care.

**Thank you for supporting Lucas** and International Children's Care in making this world a better, smarter, happier place!
