

International Children's Care

DR Congo Shipping Container Needs List

Clothes & Shoes

Thanks to your generous support, the D.R. Congo Shipping container is starting to fill up even more quickly than anticipated. Donations of clothing line the walls of our storage space. What a blessing for the children!

As the container continues to fill, ICC is now only able to accept gift donations that are exact items on the shipping container needs list.

In addition, there is now a pause on the reception of clothing.

We want to make sure that every child receives clothing to meet his or her specific needs. Currently, we are blessed by so many clothing donations that there isn't enough time in the day to keep up with the sorting. It's truly amazing!

While the acceptance of clothing donations is temporarily halted, current donations are being organized and itemized. Once that is complete, there will be a better idea of what specific clothing items are still needed.

Visit the website for updates, and if you have any questions, please contact the main office by calling 800-422-7729. Thank you for blessing the children!
