

# INTERNATIONAL CHILDREN'S CARE

*"Working Around the World to Bring Orphans New Life"*

January 19, 2024

**Dear ICC Family,**

As of this month, our "His Kids Medical Care" fund is depleted. The children at each Children's Village face a variety of health-related threats: typhoid, parasites, malaria, flu, and other diseases. In addition, they are prone to issues that face kids anywhere: fevers, bumps, scrapes, eye care needs, dental needs, and unexpected surgeries. Each child needs the security of medical care that is provided through the "His Kids Medical Care" fund.

In some extreme cases, we need medical care to correct birth defects or provide psychiatric support for a child who has been severely traumatized before they were rescued and brought to the Children's Village.

As I consider the children at ICC I think of my own two children while they were growing up. Through the years though there were fevers, bumps, and scrapes as well as a couple of hospitalizations for an emergency issue, as a family, we went to any expense to make sure they had adequate medical treatment.

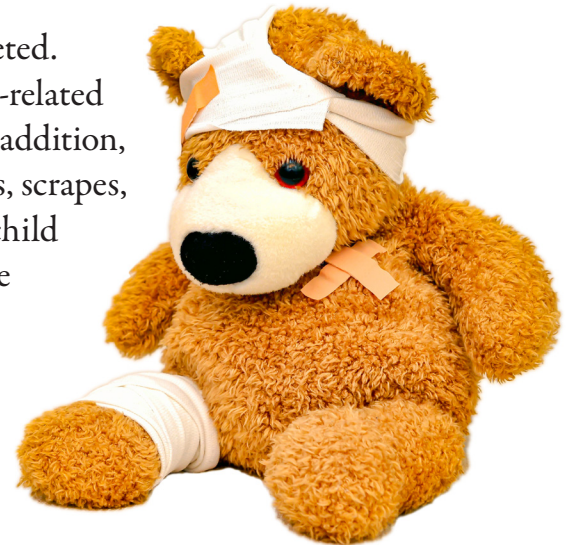

Hopefully, you will feel the same way with our ICC kids that God has placed in all of our care.

The easiest way to comprehend what we are up against is to think about what you would spend on medical care for your kids, and then realize that here at ICC we multiply that by 400+ times. Naturally, we've been praying for God's guidance with this issue.

Now that you have a clearer understanding of our situation, would you please consider sending some extra funds right now for our "His Kids Medical Care?"

We must care for our ICC kids in such a way that protects them from medical issues that at times threaten their very lives.

Our medical care fund is completely depleted, and we cannot ensure our kids the medical care needed today.

Please donate today.

Your support is vital to the health and well-being of the children.

Mark your gift, "His Kids Medical Care."

God bless each of you for helping out in this great need today.

In His Service,

Rick Bowes

**P.S.** Our children appreciate your loving support so much. Please remember their medical care needs and support the depleted "His Kids Medical Care" fund today.
