Schedule F, Part I, Line 2 - International Children's Care (ICC) takes seriously the responsibility that it has for monitoring the funds it grants to charitable entities in other countries. The following procedures are in place to ensure that funds were used properly. (1) Prior to funds being transferred, ICC will ensure the receiving entity is aware of the nature of the donation and what the funds are to be used for as well as any expected procedures and reporting requirements for that particular grant. (2) Once the funds have been transferred to a project outside the US, the ICC board may make as many on-site visits as possible and necessary. This ensures accountability that things are operating according to accepted procedures. During such visits, project administration will be expected to produce financial reports, receipts and other financial information for inspection at the request of the ICC representative. The project administration must be available to review the records with the ICC representative and provide expense justification. (3) Any international project receiving ICC grants will need to prepare and submit a financial report that contains information which includes funds received from ICC. These reports are to be sent to the ICC Finance Director for review. (4) Should there be any discrepancies or concerns with a project's use of the funds, a representative selected by the board of ICC will work with the project to correct the problem as quickly as possible and to ensure compliance with the directives of ICC. (5) If there is evidence that funds were used improperly by a particular project, ICC will conduct an investigation prior to making any further grants to the project.
