

WORLD ORPHAN DAY

November 16 2024

You can change the life of an orphaned child.

How? By supporting one of the programs that specialize in caring for orphaned children.

You can provide food, shelter, medical care, an education, and most importantly a new life for an orphaned child.

On Nov. 16 make a donation, offer a prayer, or volunteer your time.

The children who's lives you touch with your generosity will be forever grateful.
